

# Power Lab and MissionPossible are Coming to Town!

## SIGN ME UP !!!

This Year our

church will be bubbling over with excitement! Our Power Lab program will provide lots of fun and memorable Bible - learning activities for kids of all ages. They will also take part in a mission project that will help the children understand what it means to follow Jesus.

Each Morning the

kids will sing upbeat action songs, play teamwork-building games, nibble Test Tube Treats, watch Chadder's Science Adventure videos, experience fun Bible adventures, and create Wacky Works Crafts to take home.

Children are assigned -

Our 4 and 5-year-old children will be grouped together in their own, age-appropriate groups called Lab Crews, with crafts, songs, games, and activities geared to their level of understanding.

The 1st through 4th graders will be assigned to multi-age groups, led by a Crew Leader who stays and participates with their group the whole morning. This way the children meet and make friends of kids of all ages!

Mission Possible

Kids entering 5th and 6th grades are invited to be part of *Mission Possible*, a week of fun, fellowship and service that teaches them about different missions in Red Bank and beyond! Specific information about these missions will be mailed to participants by the end of June.
